

## Airless Spray Equipment

Instacoat provides high quality and the most powerful airless sprayers for all levels of production from small to large commercial and industrial projects. The Instacoat equipment is capable of also tackling thicker coatings and mastics such as roofing, waterproofing, fireproofing, air/vapor barriers, etc.

**The G-22** - This is a heavy duty and one of the most powerful sprayers in its class. The G-22 is used for interior and exterior projects where large tips, multiple guns, or long hoses may be necessary.

### Features

- Overhead cam engines for better fuel economy.
- Electronic pressure control with 2 speed switch for paint and heavy viscosity coatings.
- Heavy duty clutch for increased productivity.

Max delivery	2.1 GPM
Max Pressure	3400 PSI
Max tip Size	1 Gun 0.049"
	2 Guns 0.035"
Max Hose length	300'

### Optional Components

Stainless Steel Gun	Tips
3/8" Hose	Gun swivel
Wand extension	Hose couplers

Instacoat also has you covered with two of the most powerful hydraulic spray units whether you need to complete those large commercial and industrial projects with a high pressure unit or high volume unit.

**The HM-20** - This is a high volume workhorse hydraulic unit that delivers the heaviest, most viscous, fibered coatings at an astonishing rate to increase production.

### Features

- 390cc OHV engines
- Electric Start
- Slow hydraulic for maximum life

Max delivery	5.9 GPM
Max Pressure	2050 PSI
Max tip Size	1 Gun 0.075"
	2 Guns 0.053"

### Optional Components

Stainless Steel Gun	Tips
3/8" Hose	Gun swivel
Wand extension	Hose couplers

**The HM-40** - This is a high pressure workhorse hydraulic unit that delivers the heaviest, most viscous, and hard to atomize coatings with maximum efficiency.

### Features

- 390cc OHV engines
- Electric Start
- Slow hydraulic for maximum life

Max delivery	3.2 GPM
Max Pressure	4075 PSI
Max tip Size	1 Gun 0.060"
	2 Guns 0.040"
	3 Guns 0.035"
	4 Guns 0.029"
	5 Guns 0.025"
